Opti-Fresh®
by **Nutrifaster**

WHEATGRASS!

**Opti-Fresh
Juicers**

Built to meet tough industry standards and UL-listed for Safety and Sanitary (NSF-8)

All Stainless Steel with fewer parts for easy clean-up

Tried and Tested through heavy-duty commercial use

Opti-Fresh[®] by Nutrifaster

Convenient

Quick Clean-up, Easy to Use

Built from stainless steel, with fewer moving parts, making clean-up fast and easy.

Reliable

Quality Construction Guaranteed

Designed and built for heavy duty juicing. They are the ONLY stainless steel juicers to have been tested and approved by both UL and NSF.

Durable

Built Tough to Last a Lifetime

Opti-Fresh Wheatgrass Juicers will provide you with years of fast, reliable juicing. They are strong enough to stand up to even the heaviest commercial use, and the powerful juicing action provides greater juice-yield per pound of grass.
